Saving and Changing Lives

We have all heard the old saying: “it takes a village to raise a child.” Well it also takes a village to save animals. Our unwavering dedication to saving animals and continued community support is what keeps the **Copper Country Humane Society (CCHS)** going.

CCHS is a private non-profit (501c3) animal welfare organization. Animals come from three counties and are provided with a warm place to sleep, food in their bellies, and a safe haven for as long as care is needed. One hundred percent of the money needed for vet care, spay/neuter, and medical needs for the 900 animals CCHS cares for annually is raised through monthly fundraising events and private donations. Thank you to our wonderful donors, local businesses, supporters, and volunteers for all that you do. CCHS exists because we come together and make a difference for so many animals!

“Save them one at a time, love them all, mourn for those we cannot save, and thank God that we have been given this special gift of love for all those creatures we hold dear to our hearts”

Together We Can Make A Difference

Ruby and I have been very fortunate in life. Among the many gifts life has bestowed have been many cherished pets. She and I have chosen to include a donation to the Copper Country Humane Society in our final will. I can tell you: it's not a lot of money, but I can also tell you first hand, that Every Dollar Counts. Please consider joining Ruby and I, in the **Legacy of Love** for the Copper Country Humane Society.
